Dear Mrs. Manley,

I am getting along fine and I hope that you are also. Mrs. Manley I wish you would please inform James, that if he doesn't soon send some money here to support the baby I will have to seek other means which will, I believe, put him to a little more trouble than he wants to be bothered with. And all of this can be avoided if he just does be sent by the kid. I thought I would consult you first because of your Ball Team.

Respectfully yours,
Mary Hill
